

DIRIDON STATION AREA PLAN

Alternative Analysis Workshop

Saturday, March 27, 2010 9:00am -12:00pm

The City of San José, in coordination with the San José Redevelopment Agency, the Santa Clara Valley Transportation Authority, and other local and regional transportation agencies, are continuing to develop a plan for a ½-mile radius around Diridon Station (approximately 500 acres of land). Following the Visioning Workshop held on September 19, 2009, the objective of this workshop is to provide various land use and station options being considered in the study area and to solicit your feedback. We invite you to play an active role in shaping the Diridon area.

The Diridon Station Area Plan process involves developing a Station Area Plan around Diridon Station with related transit and station-area planning activities, and includes environmental clearance under the California Environmental Quality Act (CEQA). Diridon Station, already a major transit hub, with its location along the Union Pacific/Caltrain/Amtrak/Altamont Commuter Express (ACE) rail corridors, will become one of the busiest multimodal stations in California as a station of the proposed BART extension to Silicon Valley and the California High Speed Rail corridor (HSR) to San Francisco and Los Angeles.

The Diridon Station Area Plan will provide a vision and guidance for this unique destination with a broad mix of transit-supportive uses. In addition, the Plan anticipates pedestrian, bicycle, open space, and street connections from the greater downtown and surrounding neighborhoods.

On Saturday, March 27, 2010, community members are invited to join the planning team from the City of San José for a Diridon Station Area Plan Alternative Analysis Workshop. The second in a series of community workshops for the Station Area Plan, participants will be involved in hands-on activities to identify preferred land use and station options for the Diridon Station Area Plan. Please join the planning team at:

**San José City Hall,
Wing Rooms 118-120
200 East Santa Clara
Street
San José, CA 95113**

**FREE Parking at
4th/San Fernando
Parking Garage**

The workshop location is served by the VTA Light Rail and Bus Lines 22, 23, 63, 64, 72, 73, 81, 522, and Dash. For detailed information go to: [http:// www.vta.org](http://www.vta.org)
